Friend & Community Partner,

Northwest Arkansas is known as being one of the most generous and caring communities, **but nurses, teachers, social workers, and other Helpers are feeling the weight of the heavy job they do in the darkest spaces of our community.** Access to services that provide relief from burnout are not only needed, but necessary for sustainability.

As a sponsor of Be Restored Inc.'s very first Comic Relief Fundraiser, you'll be helping to provide nurses, first responders, teachers, trauma care workers and other Helping Professionals with critical burnout, compassion fatigue, and secondary trauma relief.

The event will feature local comedians to raise awareness about the burnout crisis our community is currently facing.

Be Restored is a community-funded organization for Helpers in our communities who are experiencing all levels of burnout and trauma from the work they do. **Your sponsorship of this event is fully tax deductible!**

Sincerely,

Courtney Harms
Founder & Executive Director

BE RESTORED

BE RESTORED CORPORATE SPONSORSHIP

Your Sponsorship PROVIDES CRUCIAL RELIEF FOR HELPERS

BURNOUT RELIEF

Your sponsorship will provide much-needed burnout relief for Helping Professionals, such as nurses, first responders, social workers, teachers, mental health workers, and more. Your sponsorship will equip Helpers with the skills and self-awareness to create career sustainability and strategies to navigate the extremely challenging nature of their work.

TRAINING

Your sponsorship will allow Helping teams to gather together for training to raise personal and team awareness on how to alleviate the risks of experiencing burnout and trauma. Our training opportunities include Compassion Fatigue, the Enneagram, and Professional Grief, and support a sense of belonging & inclusivity, and effective communication.

1:1 BURNOUT COACHING

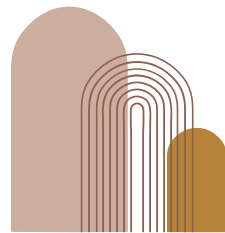

Your sponsorship will give Helpers a safe space to build confidence to set healthy boundaries, understand their specific self-care needs, and familiarize them on the Enneagram which provides a deeper understanding of one's personal values, strengths, and tendencies individually and in a team, and overall supports sustainability.
